

HCR Hill Country Backroads to Castell

Family-Friendly Paved/Unpaved Tour

September 23, 2023

Explore the backroads of Texas Hill Country with HCR PCA's first ever Texas-Style Tour including unpaved roads. This scenic family-friendly tour will cover a mix of paved, gravel and dirt roads ending with lunch at Castell General Store.

The group will depart from Lakeway and make its way to the Castell General Store in Castell, TX. The leisurely pace on small country roads will allow drivers and passengers of all ages to enjoy the scenery.

This tour has been planned with Cayenne and Macan owners in mind, however HCR members with SUVs, Jeeps or Pickups of any make are welcome.

While the route does not include challenging driving conditions, some *shallow* water crossings and mud are possible if the area receives significant rainfall. Some of the tour roads are not suitable for Porsche sports cars, Taycans, or Panameras due to road irregularities and dips which require higher clearance vehicles. As with most HCR Tours, Porsche Austin Service Techs will follow the tour vehicles to provide support.

Registration via ClubReg with \$10 fee (does not include lunch). Per PCA regulations, adults will need to sign online liability waivers on ClubReg in order to complete registration and will need to sign liability waivers for any children who participate at event sign-in prior to the drivers' meeting. Contact Peter Buck at peter.buck.hcr@gmail.com with any questions.
