

48 Hours of Sebring
2021 Club Race
COVID19 Safety & Event Procedures

Safety Protocol

You are required to bring masks, sanitizer, and disinfectant supplies with you to the track for everyone in your group – drivers, support staff, crew, etc. Please bring your own pen for registration.

There will be hand sanitizing stations posted in common areas.

Racers, Crew, Volunteers, PCA Staff and anyone with them are REQUIRED to wear masks at all times entering the facilities. This is a requirement of Sebring Raceway, 48 Hours at Sebring and National PCA. Those who do not comply will be asked to leave. This includes anywhere inside the track facility. Drivers with helmets on/shield down are exempt from mask requirement.

Anyone found not taking appropriate safety precautions will be asked to leave. The facility is very observant of this requirement.

Overnight camping is allowed but safety protocols and social distancing must be followed.

No organized social events are planned for the weekend.

Avoid crowding at entrances to buildings.

Track Entry

Staff from both 48 HRS and the track will man the “Ticket Booths” at the entrance of the facility. At the Ticket Booth every entrant to the property will be required to sign 3 waivers (Sebring COVID19 Waiver, PCA COMMUNICABLE DISEASE EXPOSURE AND INFECTION ASSUMPTION OF RISK, HOLD HARMLESS, RELEASE, WAIVER OF LIABILITY AND INDEMNITY AGREEMENT, and PCA RELEASE AND WAIVER OF LIABILITY AND ASSUMPTION OF RISK AND INDEMNITY AGREEMENT) and will then be given a gold wristband that they are required to wear for the entire event. Upon re-entry without this wristband, the individual will sign the above waivers again.

Each time an individual enters the property, they will have their temperature taken by track personnel. If there is an issue with a temperature reading, the vehicle will be directed to the skidpad to quarantine and the organizers will be immediately informed. 48HRS medical personnel will then assess the situation.

There will be at least 2 lines at the Ticket Booths. One will be dedicated to people who have already signed the waivers and have a gold wristband. This line will only require visual confirmation of the wristband, and temperature checks. The second and third (if needed) lines will be for first-time entries into the track. There every person must exit their vehicle, sign the waivers, receive wristband and get their temps taken. Please observe signage.

During the pre-event arrival phase (Sunday to Weds), trucks will complete the above and then be directed to park on the midway by 48HRS staff. These early arrivals cannot be allowed over the bridge into the track unless authorized by specific 48HRS staff.

On Weds. Evening (estimated to start at 1700) 48HRS staff will start the load-in of the trucks from the midway. 48HRS personnel and Sebring staff will be at the guard shack to check for the gold wristbands and provide parking guidance. Vehicles entering from the ticket booths will complete the above protocols and be directed over the bridge by staff.

Registration

All drivers MUST BE pre-registered at [ClubRegistration.net](https://clubregistration.net). Registered drivers must complete the on-line PCA COMMUNICABLE DISEASE EXPOSURE AND INFECTION ASSUMPTION OF RISK, HOLD HARMLESS, RELEASE, WAIVER OF LIABILITY AND INDEMNITY AGREEMENT, and PCA RELEASE AND WAIVER OF LIABILITY AND ASSUMPTION OF RISK AND INDEMNITY AGREEMENT prior to registration approval/confirmation. You can find instructions at: <https://clubregistration.net/mis/eSignaturesHowTo.pdf>

Lapping day-Thurs.

Lapping requires pre-registered on ClubRegistration.Net This event is a separate registration from the Club Race.

Logbooks & Tech

There will be no paperwork or logbook tech at the track for cars with current logbooks.

- During online registration you are required to check and verify that you have a valid logbook from 2019 or 2020.
- For cars with existing valid logbooks your tech stickers will be in your registration packet and must be affixed to the upper driver's side of the windshield, as normal.
- New cars requiring logbooks will get full car tech inspections at the track – Please Contact Lead Scrutineer Brian Gay at: bgglook@aol.com. New Log Book Tech will be done by appointment.
- Scrutineers will be available to answer questions. Only bring logbooks to tech if requested. Keep your logbook in your car as normal.
- If you need a new logbook, please contact Brian Gay in advance of the event at Bgglook@aol.com

Drivers Meetings

- A **Written Driver Meeting document** will be sent via an e-mail thru ClubRegistration.net on Thursday, Jan 28th, that covers the information normally provided at the in-person meeting. Please read carefully as you are REQUIRED to know the information.
- An update will be issued the day before the event if there is last minute information to share.
- Updates during the race weekend will be made via text.
- For drivers or crew with questions the Steward will hold an “open air” drivers Q&A Meeting at the base of the tower. Check schedule for time.

Chalk Talk

There will not be a Chalk Talk during the weekend this year. Compliments of PCA and David Murry, the David Murry Drive Sebring webinar recording will available FREE Feb 2 – Feb 7th. See the flyer DM Drive Road America webinar posted as an Event file. www.davidmurry.com./seminar-bebinars/eventdetail/135/55view-drive-sebring-webinar-after-registration-payment.

Your PCA National Team

- Communication with the Chief Stewards (Vicki Earnshaw and Bruce Boeder) will be primarily by email. The dedicated email address sebring@pcaclubracing.org will be used for the event. Any communication using this email address will go directly to the Stewards.
- Check regularly for group texts from the Steward and be sure that it is your cell # listed in your profile on ClubRegistration.net. Share the info with those around you.
- Listen for PA announcements.
- It is important to bring an extra thumb drive or memory card to share any video with Steward – more info to follow.
