

COVID-19: A FEW PRECAUTIONS

NOLA Motorsports and our event partners are committed to ensuring a fun, safe, and healthy environment while our community is at the park. To that end, this weekend the park has taken a few extra precautions and have additional recommendations to make your experience everything it should be.

First off

- + **Clean your hands often** – Wash your hands with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing

If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.

- + **Avoid touching your eyes, nose, and mouth with unwashed hands.**
- + **Clean frequently touched surfaces and objects daily.**

Also,

- + **Guests with RVs should use their own facilities**
- + **Our janitorial team will be cleaning and disinfecting bathrooms and frequently used areas across the park throughout the day**
- + **Several bathrooms across the park will be closed**
- + **IF YOU ARE SICK, please consider leaving the park or staying in your RV.**

Thank you for your patience and understanding. We will continue to monitor the situation with our in-house doctor and keep everyone updated.
